Enhancing Quality of Life for All Texans

#EndTheStreakTX

Since November 7th, 2000, Texas has had at least one death on its roadways every single day.

#EndTheStreakTX

The majority of all deadly crashes are due to mistakes drivers make (e.g., texting and driving and drinking and driving).

In 2017, 3 out of 10 deaths were caused by drunk driving.

Last year, 928 unbuckled people died in traffic crashes.
Growth & Congestion!

Bryan-College Station Population

Texas A&M Enrollment Across Valley Students

Bryan-College Station Delay per Commuter

10th Most Congested Texas Metro

Up 900% Total Travel Delay Since 1980

Project Development Process

Ongoing Public Involvement
